

A must-have for all those concerned with school theater health and safety!

# This new book by Dr. Randall W.A. Davidson...

## PRACTICAL HEALTH AND SAFETY GUIDELINES FOR SCHOOL THEATER OPERATIONS

Assessing the Risks in Middle, Junior and Senior High School  
Theater Buildings and Programs

...is written for all individuals who operate or oversee a school performing arts or theater program. This book reveals the risks and hazards frequently found in school theater buildings and programs. Readers will learn how to:

- Identify risks and hazards in their own school theater facility
- Establish a baseline of security in their school theater facility
- Reduce the possibility of injury or harm to their students and staff
- Educate their students and staff in proper health and safety measures
- Create a safe, healthy, and enjoyable theater program for all

This readable book, written by a leading expert with more than 50 years of experience in school theater health and safety, will open the eyes of educators. The author shares his vast insight and knowledge gained from his many years in both the educational and entertainment worlds. Every school administrator, board of education member, drama teacher, risk manager, safety officer, school insurance carrier—and anyone else concerned with the issue of school theater health and safety—will want this book.

# ...is a call to action

to protect and save students and instructors in the performing arts, worldwide.
